Mod2 Addresses Going Away [1]

July 22, 2014 by Carl Sorenson [2]

Posted on Tuesday 22 Jul 2014 by Carl

If you have saved links to Cognos that go to "mod2?, these links will no longer work after this week. You will instead get a (useless) message asking if you want to open or save the mod2_cognos.so file:

To get to QA and production, you can use Cognos QA and CU Portal.
