New m-Fin Reports Arrive In Production Today [1]

August 17, 2011 by Carl Sorenson [2]

Six m-Fin reports migrated to CU's production Cognos system today.

1. **m-Fin ACCOUNT RANGE BY FUND**
   New. A great way to highly summarize Assets, Liabilities, Revenues, Expenditures, and Transfers for sets of speedtypes or a department when there are different funds. You pick which funds go into up to five columns.
2. **m-Fin REVENUE AND EXPENDITURE SUMMARY**
   Select by Orgnode. Option to show prior fy actuals.
3. **m-Fin REVENUE AND EXPENDITURE TOTAL**
   New. Pages by fund instead of paging by speedtype/fopps.
4. **m-Fin TRIAL BALANCE SUMMARY**
   More drill enabled amounts.
5. **m-Fin COMPENSATION SUMMARY**
   New. Similar to the last page of m-Fin PAYROLL TRANSACTIONS report. No detail.
6. **m-Fin FINANCIAL DETAIL**
   Just a minor fix to correct the date formatting in the special subtotals that appear for travel.
