New m-Fin Reports In Production [1]

September 23, 2011 by Carl Sorenson [2]

To *migrate* means to move from one environment to another. Like from the Cognos QA (testing) environment to production.

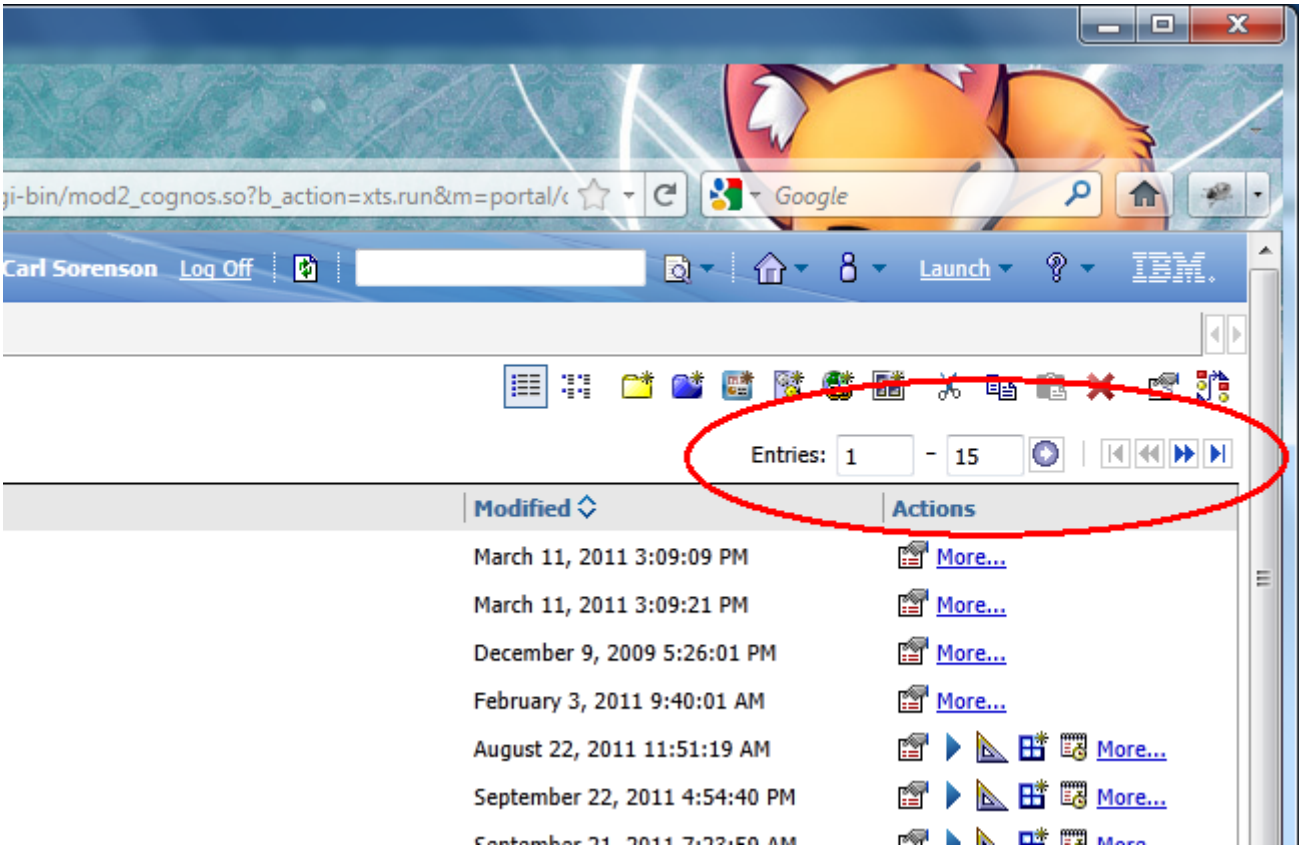

Seven m-Fin reports migrate to Cognos production today.

1. **m-Fin ACCOUNT RANGE BY FUND**
   Revamped after input from UCCS. More closely matches the old Denver site's AM053 report and drilling.
2. **m-Fin BAE BY MONTH – SUMMARY**
   New. Fiscal Year monthly columns. Expenditures against your speedtype's budget and encumbrances. BAE means *Budgets, Actuals, Encumbrances.*
3. **m-Fin BALANCE SHEET SUMMARY**
   Prior FY option. Orgnode prompt.
4. **m-Fin BALANCE SHEET TOTAL**
   New. Pages by fund with all-funds page at end.
5. **m-Fin EXPENDITURE ACTUALS BY MONTH – TOTAL**
   New. Fiscal Year monthly columns. Pages by fund with all-funds page at end.
6. **m-Fin REVENUE AND EXPENDITURE ACTUALS BY MONTH – TOTAL**
   New. Fiscal Year monthly columns. Pages by fund with all-funds page at end.
7. **m-Fin TRIAL BALANCE TOTAL**

New. Pages by fund with all-funds page at end.

To see all of the reports, you may need to use the paging controls in the upper right area of the Cognos window.
