Project Award Start\End [1]

April 13, 2016 by Carl Sorenson [2]

m-Fin is changing to get PROJECT AWARD START\END dates from the award instead of the proposal. This way if these dates are changed in PeopleSoft after the proposal is awarded, m-Fin will reflect the change.

These reports in Cognos QA have this change now, and are expected to migrate to production by this weekend **[16-APR-2016 migrated to production]**:

- Project Reports > m-Fin AWARD EXPENDITURES BY MONTH
- Project Reports > m-Fin PROJECT FINANCIAL STATUS
- m-Fin OPERATING SUMMARY
- m-Fin REVENUE AND EXPENDITURE SUMMARY
- m-Fin TRIAL BALANCE SUMMARY
