Project Prompt ^[1]

February 15, 2016 by [Carl Sorenson](#) ^[2]

m-Fin project prompts are changing to accept CU's new project id's that have a letter in the third position. Until now project id's have been comprised entirely of digits.

All of the Cognos QA m-Fin reports that prompt for project id have been updated with this change. I expect these reports will migrate to production later this week.
