

Repair Broken Report Views ^[1]

April 26, 2011 by [Carl Sorenson](#) ^[2]

Broken Report View ^[3]? To fix, go into the properties for the Report View and re-link to the master report.

The screenshot shows a web application interface with a table of report views and a properties dialog box. Red annotations highlight key elements:

- Table:** A table with columns 'Name', 'Modified', and 'Actions'. The first row is 'Report View TRIAL BALANCE' (modified April 26, 2011 2:25:44 PM). The second row is 'Report View of m-Fin SPEEDTYPE SUMMARY' (modified April 25, 2011 4:50:53 PM). A red circle around the first row is labeled 'broken?'. A red arrow points to the 'More...' link in the 'Actions' column of the first row, labeled 'go here'.
- Properties Dialog:** A dialog box titled 'Set properties - Report View TRIAL BALANCE'. It has a 'Screen tip' field (labeled '1'), a 'Run history' section (labeled '2'), and a 'Report output versions' section (labeled 'scroll to bottom'). The 'Run history' section has a 'Number of occurrences' field set to 5 and a 'Duration' field set to 'Day(s)'. A red arrow points to the 'Link to a report...' link in the 'Source report' section, labeled 'click this link'. The dialog has 'OK' and 'Cancel' buttons.
