Reports For Orgs [1]

February 9, 2017 by Carl Sorenson [2]

Here are several reports that are specifically for running by org code.? These reports are all in the *Orgnode Reports* subfolder under *Finance*.

m-Fin ORG EXPENDITURES BY MONTH

See how much your org spends each month on salaries, ben, operating expenses, travel, etc. Can run for all funds or a subset of funds you specify. In Cognos QA. **[Feb, 2017: now in production.]**

m-Fin SPEEDTYPE STATUS?

See the effective date chronology of when the status on each speedtype changed. Can run for just A or I, and for a minimum length of time having remained in the status (i.e. effective date less than or equal to a date you supply). So for example, setting the status to I and the effective date to a date six years in the past will list just those speedtypes that went into inactive status six or more years ago.? In Cognos QA. **[Feb, 2017: now in production.]**

m-Fin EXPENDITURES SPONSOR BY FISCAL YEAR?

See how much your org spends each fiscal year, summarized by sponsor agencies.? In Cognos QA. **[Feb, 2017: now in production.]**

m-Fin SPONSOR FUNDING (Budget Transactions)

See detailed fiscal year budget transactions subtotaled by sponsor id. In Cognos production.
