Subtotals [1]

July 12, 2013 by Carl Sorenson [2]

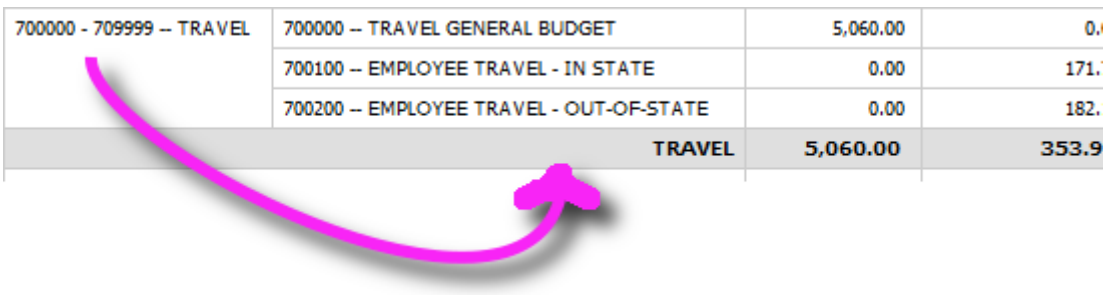

We have made some improvements to subtotaling in the following reports in Cognos QA.

[Migrated to production 11-AUG-2013.]

Report	Simplified subtotal labels	SAL, WAGES AND BEN subtotal	SUBTOTAL BEFORE F AND A	Additional account tree level05 subtotaling
m-Fin OPERATING SUMMARY	Added.	Added.	Already had it.	Already had it.
m-Fin TRIAL BALANCE SUMMARY	Added.	Added.	Added.	Added.
m-Fin TRIAL BALANCE TOTAL	Added.	Added.	Added.	Added.
m-Fin REVENUE AND EXPENDITURE SUMMARY	Added.	Added.	Already had it.	Added.
m-Fin REVENUE AND EXPENDITURE TOTAL	Added.	Added.	Added.	Already had it.

Simplified subtotal labels

Please let us know if this new way of labeling subtotal lines is OK (post a comment below). When the account number *from-to* range is shown in a header, then the footer, which is the line that has the subtotal amounts in it, shows only the description part of the label. The *from-to* range is not repeated.

SAL, WAGES, AND BEN subtotal

This subtotal tells the compensation including benefits, which sometimes is called *total compensation*. **m-Fin BAE BY MONTH – SUMMARY** has had this subtotal for a while, and now these other reports are getting it. It only shows up when it is needed – when there is both pay (SAL AND WAGES) and benefits (BEN).

SUBTOTAL BEFORE F AND A

This subtotal shows the direct cost on projects. It only shows up when it is needed – when there is F AND A (a.k.a. *indirect cost recovery*).

Additional account tree level05 subtotaling

Previously level05 subtotals would appear only under the level04 SAL AND WAGES range, only when needed. Now we have extended this same logic to the other account tree level04 ranges.

m-Fin REVENUE AND EXPENDITURE TOTAL gets an additional final page

While we had this report on the bench we went ahead and added a second final summary page that combines all the funds.
