Five of the PSLite crosswalk documents have been updated:

The screenshot shows a web browser window with the URL <https://www.cu.edu/controller/reporting-system/>. The page title is "Reporting System". There are two tabs: "Overview" and "PS Lite", with "PS Lite" selected. A red box highlights the URL in the address bar. Below the tabs, a paragraph states: "PSLite is no longer maintained by CU. When CU goes live with PeopleSoft 9.2 in November of 2015 we expect that PSLite will no longer work. The links below provide crosswalk documentation from PSLite menus to corresponding m-Fin reports. m-Fin is different from PSLite. Please begin using m-Fin now to allow yourself time to make the transition." A list of seven links follows: "PSLITEXWALK - HOME - PROJECT", "PSLITEXWALK - HOME - AWARD", "PSLITEXWALK - HOME - PRINCIPAL", "PSLITEXWALK - HOME - PROGRAM", "PSLITEXWALK - HOME - SPEEDTYPE", "PSLITEXWALK - HOME - ORG", and "PSLITEXWALK - HOME - Journal Detail". A red box on the right side of the page contains the text: "These five documents have been updated with information about new m-Fin reports. The new information is indicated with 15-SEP-2015." Red arrows point from this box to the first five links in the list. On the right side of the page, there is a "NEED HELP?" section with contact information for "Finance & Procurement Help Chat" and a "Start Chat Now" button.
