

Updates to PSLite Crosswalk ^[1]

September 17, 2015 by [Carl Sorenson](#) ^[2]

Five of the PSLite crosswalk documents have been updated:

- HOME - PROJECT
- HOME - PROGRAM
- HOME - SPEEDTYPE
- HOME - ORG
- SUMMARIES BY ORG OR ORGTREE LEVEL.

For full information about transitioning from PSLite to m-FIn, see my [original PSLite blog post](#) ^[3]

PSLite is no longer maintained by CU. When CU goes live with PeopleSoft 9.2 in November of 2015 we expect that PSLite will no longer work. The links below provide crosswalk documentation from PSLite menus to corresponding m-Fin reports. m-Fin is different from PSLite. Please begin using m-Fin now to allow yourself time to make the transition.
