Upcoming UIS Maintenance Alert: The Web Performance Monitor application for EUE for Friday, July 31 [1]

July 17, 2020 by UIS Communications [2]

Description: The Web Performance Monitor application for end-user experience Monitoring (EUE) will be unavailable for a system upgrade Friday, July 31 from 9 a.m. to 3 p.m.

Timing: 9 a.m. to 3 p.m. Friday, July 31

More information: The cutover from DEV to PRD is scheduled Friday, July 31, 2020 with a start time of 9:00 A.M. ECS and QA team will execute the "cut-over" plan, and the duration will take approximately 5-6 hours. Note: All the alerts will be disabled in the old environment. While alerts are disabled, no monitoring of any applications / URLs will occur during the cutover process. We will communicate once the cutover is finished, and monitoring and alerting is enabled in the new environment.

Upcoming maintenance:

- See the Business Calendar [3] for future maintenance window dates and times.
- Visit the UIS Maintenance Matters Blog [4] for detailed information on upcoming UIS maintenance and how it affects you.

planned maintenance [5], other maintenance [6]
