New self-service portal allows you to apply for leave, track your request status and more [1]

June 24, 2024 by worsham@cu.edu [2]

Beginning June 3, Employee Services will debut a new employee self-service (ESS) tool that allows employees using Family and Medical Leave Insurance (FAMLI), FMLA and Parental Leave to more easily apply for and manage their leave. It also allows supervisors and department HR contacts greater insight into open cases for their direct reports.

For addtional details go to the Employee Services "Work/Life: A blog for CU faculty and staff" item available here [3].

FAMLI [4], FMLA [5], Parental Leave [6]
