The Office of Policy and Efficiency (OPE) announces revisions to *Regent Policy 14.J: Naming University Facilities* and a new administrative policy statement *3004-Functional and Honorary Naming of University Facilities and Programmatic Units*, effective February 10, 2022.

As part of the formal review of regent laws and policies, revisions were proposed to *Regent Policy 14.J: Naming University Facilities* which would include moving some provisions to a new administrative policy statement: *3004-Functional and Honorary Naming of University Facilities and Programmatic Units;* updating definitions; adding to the criteria used to evaluate honorary naming opportunities; and creating a process to change or discontinue honorary namings.
