Cognos Reporting System Update: Welcome to new CU-Data! [1]

May 10, 2017 by normandy.roden [2]

Say hello to CU-Data!

We've upgraded the Cognos Reporting System to the new CU-Data [3] system.

We encourage you to start running your financial reports in CU-Data

Check out our CU-Data website [3]to find out what to expect, including information on what's changed (and what hasn't).

Watch our several training videos for a rapid introduction to the new system.

To run your m-Fin reports in the new CU-Data, log in to your campus portal and on the CU Resources tab, select Reporting & Compliance, CU-Data.

The current Cognos Reporting System will remain available through fiscal year-end

For your convenience, we're providing both the old and new reporting systems in parallel through the end of the 2017 fiscal year.

To run your m-Fin reports in the old Cognos Reporting System, log in to your portal and on the CU Resources tab, select Reporting & Compliance, Public Folders.

Tell us what you think

Use the feedback form on the CU-Data learning website [3].
