September 13, 2013 by normandy.roden [2]

On Mon, Sept 16, the University and Campus Controllers launch their FY 2014 meeting series with an interesting array of topics for discussion, including: Accounting processes, Accounting Handbook content, OUC Town Halls, PSC Town Halls, PSC Supplier Showcases, Concur optimization projects, Fund 36 (development) policies and procedures, position numbers, campus training (Cognos, Concur, etc.), CPSR Approval, SkillSoft, and Cognos reporting. Questions on discussion points from this and any other Controllers' Meeting should be directed to the appropriate campus controller.
