CPE Courses on January 29: Improve Your Accounting Knowledge [1]

January 17, 2019 by normandy.roden [2]

Learn about new accounting standards that take effect in FY 2019 and beyond ... *plus* get a grip on the cash flow statements.

You can take both steps to improve your accounting knowledge this month. Check out our Continuing Professional Education (CPE) course [3] schedule!

If you haven't already seen – we've opened registration for two powerful CPE courses [3] on Tuesday, January 29, at 1800 Grant Street in Denver.

- GASB Review (10:00am-11:50 a.m.). *This course will help you get ready for new accounting standards that are due to be implemented in the near future (including two that apply to this fiscal year!).*
- Understanding and Preparing the Statement of Cash Flows (1:00pm-2:50 p.m.). *This course will give you the background on why and how the cash flow statement is prepared.*

Registration is available at www.cu.edu/controller/schedule-and-registration [3]. Parking is available on the street and in the pay-to-park lot opposite the building.

We look forward to seeing you soon!
