CPE Program announces another good day (or 2) [1]

February 19, 2013 by normandy.roden [2]

This month our Continuing Professional Education (CPE) Program continued to bring no-cost professional development and CPE credits for CPAs, auditors, and other individuals. On Feb 5, we had strong attendance in 4 new courses: Personal Tax Update; Revenue Recognition; Gift Fund Management; and Effective Presentations. On Feb 13, we offered our traditional “repeat day” for courses that filled to capacity in previous quarters: Cognos-Financial Statement Reading, Reconciliation, and Forecasting; Technology, the Cloud, and You: Working Smarter in 2013; and, Quality Assurance in CU’s Reporting Initiative. We’ll provide feedback stats on the February courses … and describe our April course offerings … in next week’s OUC news post.
