

CPE Quarterly Recap ^[1]

March 15, 2014 by [normandy.roden](#) ^[2]

An excellent response – in registrations and evaluations – to our Continuing Professional Education (CPE) offerings this quarter. We presented 4 new courses, and 2 popular repeats, at the Grant Street building in February. A hearty “welcome!” to the 10 participants who were completely new to the CPE Program. And a “thank you!” to all attendees, who gave us a 97% strongly/agree for effectiveness of instructors, relevance of topics, and delivery of learning objectives. We’ll open registration for April CPE classes soon.
