CU I&E Awards: Announcing the Semi-Finalists [1]

May 7, 2018 by normandy.roden [2]

The judges for the CU Innovation & Efficiency Awards have identified ten outstanding semi-finalists to demo their accomplishments at the May 15 CU I&E Expo.

As part of the award determination process, semi-finalists complete video interviews and participate in a question-and-answer session with the judges. They also demo their submissions at the annual CU I&E Expo.

These semi-finalists form the pool for award consideration, and the cash awards will announced at the Expo event in May.
