

Elevate: FIN Upgrade - Additional Journal Entry Training Sessions ^[1]

October 27, 2015 by [\(not verified\)](#) ^[2]

If you still need to take FIN 9.2 Journal Entry training, you are in luck: we've added additional training sessions. So there are now more opportunities to learn about the JE process and to practice entering, editing, submitting, and approving journals ... creating spreadsheet JEs ... and uploading/viewing supporting documentation.

We've also added another FIN 9.2 Journal Entry webinar

Many of you have given us positive feedback on our FIN Overview and FIN Journal Entry webinars. You've told us that you like the convenience of participating from your desktop ... and you like the availability of a recording for future review. In fact, the first Journal Entry webinar filled up so quickly we decided to add another session.

How do I register for the new Journal Entry sessions or webinar?

You can [register for the new FIN 9.2 Journal Entry webinar now](#) ^[3]. Or you can sign up to attend one of the newly added [in-person workshops](#), ^[4]

We look forward to seeing you!
