Elevate: FIN Upgrade - Don't forget to watch a recorded webinar [1]

October 8, 2015 by (not verified) [2]

We're busy here at the OUC...and we realize that your schedules are likely terribly busy this time of year as well. As you are signing up to attend FIN 9.2 training available in October [3], you may want to take a look at one of our recorded webinars. In fact, we recently updated the FIN 9.2 Overview Webinar Recording [4] to include a few new bits of information regarding Workflow and approvals.

Why watch a recorded webinar?

Maybe you didn't make it to a session and want to see what you missed. Perhaps you need a little review to help you prepare for the upgrade. Maybe you want to watch the recording with other folks in your department to make sure you are all on the same page. Watching the FIN 9.2 Overview Webinar Recording [4] can help!

Want more?

We're working on more! Next week we will be publishing a recording of a recent OUC Town Hall [5]. We will also be announcing FIN 9.2 Journal Entry webinars soon. So stay tuned for more information in the coming days.
