Elevate: FIN Upgrade - FIN 9.2 is Now Live! [1]

December 10, 2015 by normandy.roden [2]

We are pleased to announce that our upgraded PeopleSoft Finance System – FIN 9.2 – is now live!

This accomplishment marks the *conclusion* of a successful multi-year, multi-person project that drew on technical and procedural skills and knowledge from across CU … and beyond. It marks the *beginning* of what we hope will be a new series of successes as we learn the FIN and HCM 9.2 systems … improve and increase functionality … fix what is broken … and, most importantly, continue the tremendous teamwork demonstrated by this University over the last two years.

Many thanks to the campus staff who have dedicated themselves to the upgrade project while fulfilling their more-usual roles and responsibilities: the campus controller (finance) offices, the sponsored research offices, and numerous others. This is *your* system, and we look forward to working with you to assure that it serves you well.
