Elevate: FIN Upgrade - Journal Entry Webinar Registration Now Open [1]

October 19, 2015 by (not verified) [2]

Many of you still need to learn about Journal Entries in FIN 9.2. And many of you have asked us to create a JE webinar, similar to our FIN 9.2 Overview webinar. You like the convenience of participating from your desktop...and you like the availability of a recording for future review.

We heard you! So in addition to the FIN 9.2 in-person training available in October [3], we are now offering a Journal Entry webinar on October 28. Registration is open now [4].

In the Journal Entry webinar, you'll learn how to create and process journals (online and via spreadsheet), attach documentation, edit, and submit to workflow for approval. You'll also learn how to take advantage of your General Ledger (GL) WorkCenter.

The webinar will include two sections:

- Online Journal Entries – 1:00 p.m. – 1:40 p.m.
- Spreadsheet Journal Entries – 1:50 p.m. – 2:30 p.m.

Those of you not interested in Spreadsheet Journal Entries will be able to leave the webinar during the intermission between sections.

Why participate in a webinar?

Maybe you didn't make it to an in-person session and want to see what you missed. Maybe you want to participate in the webinar with other folks in your department to make sure you are all on the same page. Either way, participating in a Journal Entry webinar can help! So register now [4]!

Want more?

The Journal Entry webinar will be recorded and published online...what a great way to sharpen your Journal Entry skills!
