Elevate: FIN Upgrade - You Can Learn a Lot in Less Than a Minute [1]

November 9, 2015 by normandy.roden [2]

Got a minute to grasp a concept? You can learn a lot about FIN 9.2 by watching the How-To videos on the OUC website.
These quick flicks show actual screens from the PeopleSoft system and demonstrate new functions and options … typically in under 60 seconds.

Currently in our How-To video library:

- General Ledger WorkCenter [3]
- Worklist [4]
- Adding Attachments [5]
- Viewing Attachments [6]
- Viewing Attachments from a Worklist [7]
- Keyword Search [8]
- Menu Search [9]
- Disabling Autocomplete [10]

Do you have a video topic request for us?

Campus departments have recently asked us to make videos on how to digitize attachments (and avoid all that printing and scanning) ... and how to approve Journals. We're working on these now.

If there's something **you** would like to see in a FIN 9.2 How-To video, let us know [11]!
