Enhance Your Knowledge of Financial Reports ... and Business Processes [1]

October 22, 2017 by normandy.roden [2]

You often tell us that you want to learn more about financial reports. So we're starting out this year's CPE Program [3] with some opportunities to do just that ... plus a chance to evaluate and improve your department's business processes.

Register now for the first of the Fall 2017 course offerings [4] from the Office of University Controller.

On Monday, October 30, join us at the CU System Building (1800 Grant St) to learn more about CU-Data and the m-Fin reports that help you manage department finances. While you're here that day, be sure to wish m-Fin guru Carl Sorenson well in his retirement! Carl's last day at the OUC is October 31 so we're particularly pleased to have him teach the Grants and Contracts course before he goes.

- Cognos: Calculating Your Bottom Line [5] - 10:30 a.m.-11:20 a.m. ***Register now*** [6]
- Cognos: Grants and Contracts [7] - 12:30 p.m.-2:20 p.m. ***Register now*** [8]

On Wednesday, November 1, join us from the convenience of your own computer, wherever you are. We're offering a live webinar with practical takeaways from a national award-winning business process analyst. (Note: If you're a CPA requesting CPE for this webinar, be sure to respond to all poll questions during the session.)

- Business Process Improvement [9] - 10:30 a.m.-11:20 a.m. ***Register now*** *[10]* ***?***

As always, let us know about the topics you want us to teach, and thanks for all your feedback over the summer. We're happy you find our CPE Program valuable and we look forward to seeing you soon!
