Finance System Annual Update: A New Look for Homepages [1]

February 11, 2022 by normandy.roden [2]

Over the weekend of February 12, 2022, the annual Finance System update brings a new look for the FIN homepages [3].

With this update, you'll find it easier to navigate the homepages:

- The Homepage dropdown moves to the left of the screen.
- You can use Scroll Arrows to navigate between multiple homepages.
- You can access your Recently Visited Pages and your Favorites more quickly, thanks to new icons.
- You can easily see when you have Journal Entries to approve in a new Notifications panel on the right of the screen.
- The NavBar has new icons. And the NavBar's Navigator option is now called Menu – with items in the Menu now listed in more user-friendly alphabetical order. From a transaction/inquiry page, you can navigate back to the Main Menu more quickly through new links. For more information, see the NavBar and Favorites [4] webpage

Wondering about the individual transaction pages in FIN? You won't see any changes to the inquiry or update pages themselves.

Questions? Contact the OUC's new Financial Services & Solutions (FSS) team at FSS@cu.edu [5].
