Financial Systems Access Request Form - Under Revision [1]

April 4, 2013 by normandy.roden [2]

Need to request access to use the PeopleSoft Finance System or CU Marketplace? The OUC is currently updating the Financial Systems Access Request form (on the web at www.cu.edu/ums/security/CUonly/AMPS/Forms/fin-sys-access.pdf [3]). The revised version, which will be available later this month, will clarify roles/role descriptions and provide updated information on training requirements. We'll let you know when the revised form is published online.
