Fiscal Certification and Assessment Emails [1]

July 6, 2012 by (not verified) [2]

Earlier this week, about 1,000 individuals received email notifications of their responsibility to complete the Fiscal Certification or Fiscal Assessment. The process is off to a great start with over 300 completions already recorded. We've had a few questions about the officers listed in the emails so let's review the roll-up process for the certification and assessment populations. As a reminder, your officer for this purpose is not necessarily the person to whom you report. This is consistent with how the roll-ups have worked in the past. New this year: The process will run through Sep 26, 2012 (2 weeks longer than usual) … and the campus portal screens are considerably improved over the old myCU portal technology. We appreciate your attention to this critical part of the University's certifications and representations. Questions? Contact Frances Chapman, OUC Financial Systems Compliance Specialist, at Frances.Chapman@cu.edu [3] or 303.837.2111.
