Improve Your Project Management Skills with our New CPE Course [1]

February 5, 2018 by normandy.roden [2]

Most everyone manages a project of some size. And whether “Project Manager” is in their job title or not, most everyone could benefit from help to ensure project success ... help like strategies for effective project management, and critical skills for individuals and teams.

Our next course in this year's CPE Program [3] offers you a survey of best practices -- and a variety of practical tips -- to help you guide your project to a happy ending.

On Friday, February 9, join us from the convenience of your own computer, for our live webinar. You'll get practical takeaways from a certified PMP (Project Management Professional) with more than 17 years' experience managing a variety of projects in a variety of roles. We're delighted to partner with Bill Chase from the University of Massachusetts on:

- Projects: Factors for Success [4] - 11:00 a.m.-11:50 a.m. ***Register now ?*** [5]

Bill is an active member of the Higher Education User Group (HEUG), a non-profit, international organization consisting of higher ed institutions that use Oracle application software. He's been collaborating with our office to develop skill-building webinars for delivery to HEUG member institutions.
