

New – Capital Asset Management Form for System Administration ^[1]

February 25, 2013 by [normandy.roden](#) ^[2]

Our Finance Forms page (www.cu.edu/controller/forms ^[3]) has a new member: the CAMSA, or Capital Asset Management-System Administration, form. The new form is designed to improve the process of tracking and recording capital assets in the PeopleSoft Finance System, Asset Management module. System Administration staff should complete the form when a capital asset is purchased and submit it to the OUC according to form instructions. System offices: If you have questions on the form or on capital asset management, contact David.Pierce@cu.edu ^[4]. Other campus staff: please contact your campus finance office.
