Normandy Roden Elected to HEUG Advisory Group [1]

February 28, 2016 by normandy.roden [2]

Normandy Roden, Director of the OUC's Finance & Procurement Business Services, was recently nominated and elected to serve a three-year term on the HEUG (Higher Education User Group) Project & Change Management Advisory Group.

Advisory Group members play key roles in soliciting input from the higher education PeopleSoft user community and in administering tracks at the annual Alliance conference. In addition, the Project & Change Management Advisory Group is specifically charged with supporting the HEUG's strategic mission of Education.

Normandy's role will be to advance this mission through her duties as Education (Webinars) Coordinator. The past year's innovative webinar work by the FPBS multimedia team provides a strong launching point.

Congratulations, Normandy!
