Normandy Roden takes on HEUG Committee Roles [1]

April 9, 2013 by normandy.roden [2]

Normandy Roden, the OUC's Director of Finance & Procurement Business Services, was recently appointed to the Higher Education User Group (HEUG) Membership Committee. Her focus will be on writing and editing print/online materials for distribution to HEUG members and for promotional use outside of the HEUG. Normandy also continues for a 2nd year as Chair of the HEUG Communications Committee. The HEUG is an international organization of higher education institutions that use Oracle application software. It promotes the sharing of ideas, information, and experiences among its members, and it provides a unified voice to Oracle on issues involving the use of Oracle application software in the higher education community. The University of Colorado is a HEUG member institution.
