PETs Entered after 12/2/16 – Delay in Feeding to FIN [1]

December 8, 2016 by normandy.roden [2]

The Payroll Expense Transfer (PET) update process failed on Friday night, December 2.

This means that if you entered any PETs after 12:30 p.m. on Friday, December 2, those transactions did not feed to the Finance System for several days.

The HCM team implemented a fix on Wednesday, December 7. You should now see all entered and approved PETs in FIN and on your financial reports.
