Reminder: Finance System goes Fluid on February 21 [1]

February 17, 2021 by normandy.roden [2]

Effective February 21, 2021 (as part of this year's annual PeopleSoft update), the Finance System will have a new tile-based ("Fluid") user interface. You've seen this streamlined, visual approach for several years in the portal and in HCM.

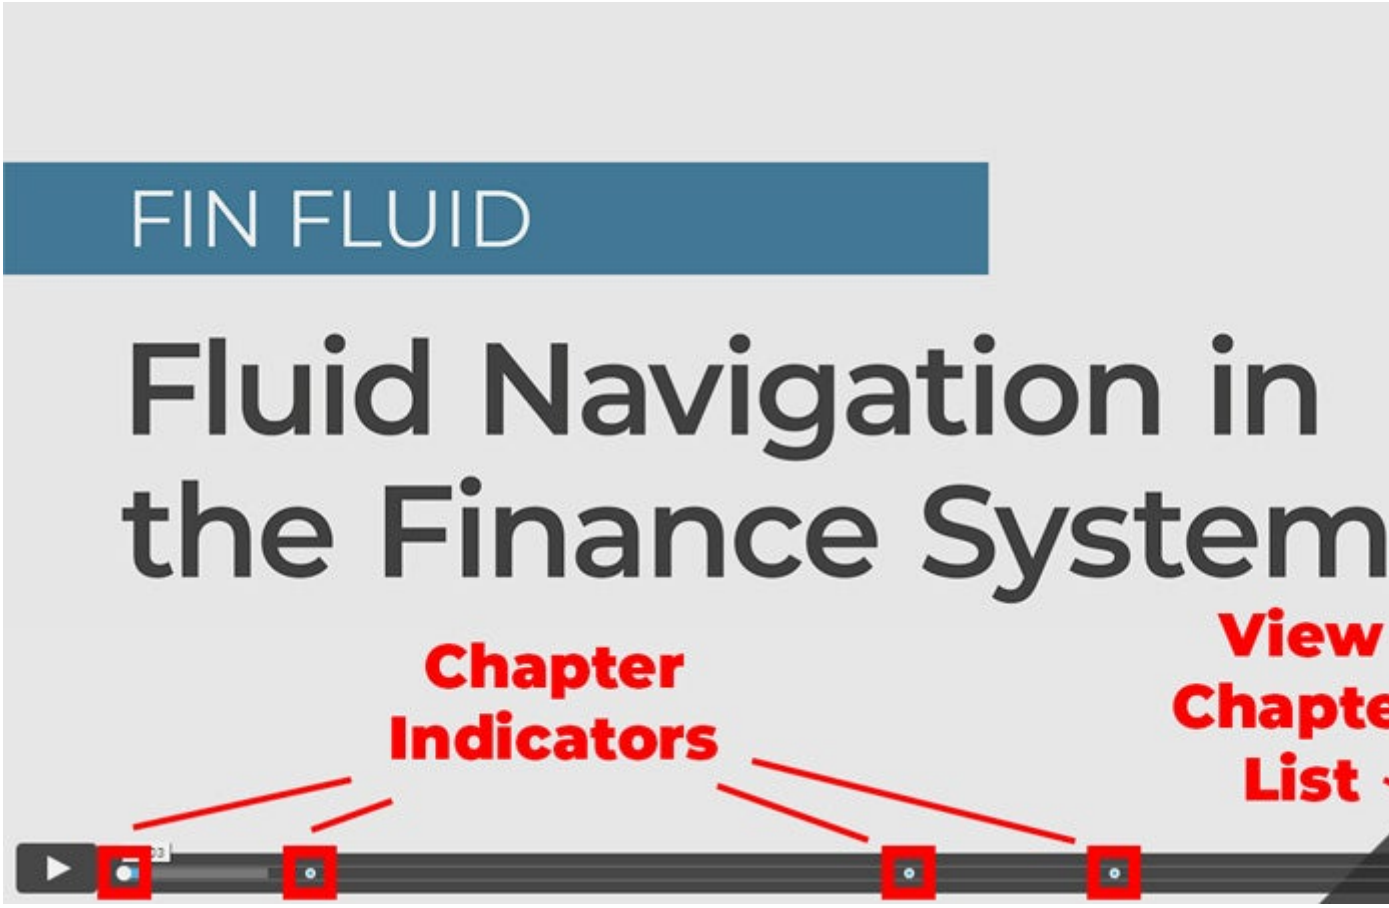

The Office of University Controller (OUC) and University Information Services (UIS) have developed a number of resources to help you get familiar with the new Finance and Grants homepages and navigation.

Visit our Fluid Navigation in the Finance System [3] website for training resources, including interactive exercises, short how-to videos, screenshots, and text instructions.

If you missed our live webinars this month, check out the trimmed-down "mini-webinar" recording – available on the OUC website [4] on Thursday afternoon, February 18. **Note:**

- We've implemented "chapters" in the embedded video player, which makes it easier to navigate to specific sections of the webinar. You can hover your mouse over the chapter dots in the timeline to see a particular chapter title, and then click to jump to a section. You can also click on the chapter "list" icon in the bottom right to see the full chapter list

for the video.

Questions (before or after FIN goes fluid)? Contact the Finance & Procurement Help Desk at FinProHelp@cu.edu [5] or 303.837.2161.
