Congratulations and thanks to Mary Lou Kartis (UCCS) and Lori Bailey (UCB). They shared their experiences with the current finance system and talked about improvements they'd like to see in the new FIN 9.2 system. Their names were drawn in the first of five weekly drawings for Starbucks gift cards.

Mary Lou discussed issues with report information … Lori wished for a world in which the PeopleSoft Finance and HRMS systems would talk better with each other. We'll get their coffee cards to them later this week.

Do you have "pain points" in the PeopleSoft Finance System? Talk to us at www.cu.edu/peoplesoft-finance-pain-points [3].

We look forward to hearing from you.
