What Do the Users Say? [1]

March 28, 2014 by normandy.roden [2]

"Works great!" "Showed up beautifully!" "Very, very helpful!" The above statements reflect the enthusiastic reviews of actual report users at CU. They're talking about the new m-Fin RECEIVABLES TRANSACTION FINDER. This new report assists in tracking down a project sponsor payment that might have been booked on the wrong FOPPS. Identify the specific payment amount you're looking for … or identify the specific sponsor and look at all projects for that sponsor. Either way, you'll get a simple list report that can help you figure out what happened.
