You Asked For It: More CPE [1]

April 14, 2015 by normandy.roden [2]

We hear you. The Office of University Controller is responding to your feedback on our Continuing Professional Education (CPE) Program.

- You asked for more opportunities for personal growth ... so we'll be adding three new courses in April. The topics include: personality assessments that help bring out the best in everyone, practical ways to nurture happiness, and fun activities to promote learning and communication.
- You asked for more training on office tools ... so we'll also be scheduling a session on email tips and another round of our popular Excel course in April.
- You asked for early notice on next year's CPE dates ... so we've published the tentative schedule at Grant Street on our CPE website [3]. (CPE-on-Campus dates will be published as soon as they are finalized.)

We'll update our April offerings and open registration soon.

Questions? Contact CPE Program Manager Lisa Vallad [4].

See you at CPE!
