Automatic Xcel Colorado Utility Rebates Now Available Through Grainger [1]

March 17, 2025 by Staff [2]

We're thrilled to announce that our strategic partner, Grainger, is offering an incredible opportunity for Xcel Energy customers in Colorado! Through the Xcel Colorado Midstream Utility Rebate Program, eligible customers can now receive automatic rebates when purchasing select LED products — with no paperwork required!

How It Works – Simple and Automatic

Just follow these easy steps:

1. **Purchase Eligible Products**
   – Buy SKUs identified on the Xcel Colorado SKU List provided in the attachment below.
2. **Receive Your Rebate**
   – Your rebate will be delivered as a credit to your Grainger account within 1–5 business days of the invoice date.

Program Rules

- Must be a non-residential Xcel Energy customer.
- All lamps must be installed within 30 days at the Ship To location — no stocking allowed.
- Xcel Energy may inspect or contact a small percentage of customers to verify installation.

Don't miss out on this opportunity to save on energy costs and improve your facility's lighting!
