

December 2023 Critical Dates ^[1]

November 13, 2023 by [Staff](#) ^[2]

With the rapid approach of the end of the calendar year and all four campuses and the System office being closed December 25th through January 1st, we wanted to provide critical dates that will impact the ability for your requisitions and payments to be completed before the end of the calendar year.

Requisitions – Submit by Thursday, November 30, 2023

The PSC recommends that departments submit requisitions in CU Marketplace by November 30th to ensure a completion date by December 22nd. This date assumes that no contract is required for the requisition to be processed, that all necessary information is attached to the requisition, and that all departmental approvals have been obtained. For any emergency procurement (i.e., where there is a risk of service interruption or work stoppage) in December, please work with your PSC contact to determine if alternative solutions are required.?

Contracts

Due to unpredictable variables, contracts can take a significant amount of time to negotiate and execute. As we approach the final month of the calendar year, please be mindful of any expiring contracts or supplier discounts associated with year-end dates and submit your contracts as soon as possible to allow negotiations to be completed within your anticipated timeframes. Completion cannot be guaranteed for all contracts due to specific circumstances with each request.

For payments that must be processed by December 22nd, please see the deadlines below.

- **Supplier Invoices in Marketplace and Paper Forms - Friday, December 8, 2023**
For Supplier Invoices in Marketplace, this is the last day to submit to APInvoice@cu.edu ^[3] for processing by December 22nd. The PO/SPO# must be noted on the invoice.
