

Errors when Accessing Apple Catalog with Chrome and Safari Browsers ^[1]

June 1, 2023 by [Staff](#) ^[2]

We've been informed by several departments that they're having trouble accessing the Apple punchout catalog using Chrome or Safari browsers. Apple is aware of the issue and is actively working on a solution, slated to be ready by July 16th. In the meantime, they recommend using Firefox as a temporary workaround.
