Exciting News: New Apple Devices Coming to CU-Marketplace! [1]

March 17, 2025 by Staff [2]

New Apple devices have arrived! As of March 12th, our strategic partner CDW-G is in the process of updating the CU-Marketplace catalog to include the latest Apple releases. This includes the newest versions of the iPad, iPad Air, MacBook Air, and Mac Studio—all rolling out throughout this week.

Please note that it may take a day or two for all items to appear and be fully verified in the catalog, so we appreciate your patience as these updates are completed.

Shipping Updates

Initially, the CDW-G default status for new devices will reflect a “4–6 week” anticipated ship date. However, these dates will be adjusted as stock levels are confirmed and availability improves.

Need Assistance?

The PSC is here to help! If you have trouble locating a specific item or need support, feel free to reach out to:
