New Dell Standard CU Configurations [1]

April 28, 2025 by Staff [2]

As Dell rolls out their new machines and new naming conventions outlined above, it means it is also time to update the recommended Standard Configurations of Dell computers found in the CU-Marketplace.

Generally, Inspiron becomes **Dell**, Latitude becomes **Dell Pro** and Precision becomes **Dell Pro Max**. Each of these new families is further divided into **Base** for essential features, **Plus** for organizational deployment, and **Premium** featuring the most mobility and high-end finishes.

The table below will provide a "crosswalk" to help show how the previous standard configurations have evolved to the new naming conventions.

Previous Models			Next Generation (New) Models		
Family	**Model**	**Form Factor**	**Family**	**Model**	**Processor**
OptiPlex	7020	Small	Dell Pro	Slim and Slim Plus	Intel or AMD
