

New PSC Resource: Procurement Tableau Dashboards ^[1]

May 5, 2026 by [Staff](#) ^[2]

The PSC is excited to share a new resource designed to make it easier to access and explore procurement data across the CU system.

The **Procurement Tableau Dashboards site** ^[3] provides step-by-step instructions for requesting access to interactive dashboards that cover key areas like spend, travel, suppliers, and more. Whether you're looking to answer a quick question or dig into trends over time, these dashboards are built to help you find what you need—without the usual data scavenger hunt.

Explore the site:
