June 13, 2024 by Staff [2]

On September 5, 2023, OfficeScapes, Colorado's leading furnishings solution partner, and Elements studio started doing business as Slate. This DBA ("doing business as") change will now take effect in CU Marketplace.

A statement from Slate - "After 29 years of operating under the OfficeScapes name, Slate is excited and looking toward the future with a renewed energy and focus on creating inspiring places where people can be their best. As a valued customer we appreciate your collaborative efforts, support, and teamwork that have been, and will continue to be, crucial to our mutual success. Should you have any questions or require further information, please contact any of the Slate representatives listed on our punchout homepage. We appreciate your attention to this matter and your continued support."

Business will continue as planned for all university customers currently or planning to work with OfficeScapes. This DBA change will not affect orders, pricing, product offerings, etc....
