PerkinElmer Procurement Process Change [1]

August 7, 2023 by Staff [2]

PerkinElmer has recently announced they have split into two stand-alone companies, PerkinElmer U.S. LLC and Revvity Health Sciences, Inc. With this change, the PerkinElmer Health Sciences punchout catalog in Marketplace has changed to Revvity Health Sciences and now consists of only life sciences and diagnostics products (discovery and research assays and reagents, detection and imaging solutions, reproductive health testing or clinical and applied genomics).

The PerkinElmer Analytical; Enterprise Solutions (AES) product offerings;are no longer available through the Revvity Health Sciences punchout catalog.
Going forward, customers will need to use a non-catalog form to purchase items from PerkinElmer in accordance with CU's Procurement Rules and the purchasing thresholds [3]. [4] Outstanding or open PerkinElmer POs will be updated to Revvity Health Sciences. Invoices will be issued under Revvity. If Revvity cannot fulfill an order, the PSC will work with the department to cancel and reissue it under a new supplier.

For more information regarding this change, visit https://www.perkinelmer.com/ [5] and click on the "Learn More" buttons.
