We're not even half way through 2017, and already System eComm users have hit some incredible milestones with Cvent. From the number of events launched to the revenue raised, these stats give a glimpse of how much has been accomplished. Don't take my word for it, though - check out these stats for yourself!

Cvent Metrics:

January 1, 2017 - May 5, 2017

29 Events launched

35,936 Registrations

$25,625.00 in revenue

16 Cvent users

Kudos to all of our Cvent users!

These metrics, along with others for Marketing Cloud and Salesforce, will be covered during our July user group meeting. Keep an eye out for the forthcoming invitation.
