March Recap [1]

March 29, 2017 by Kate O'Connell [2]

March was an exciting month for the System eComm Team (SET)! We not only kicked off our SET user group meetings, but also rolled out new support models [3] and great resources [4]. Download a copy of the user group meeting agenda and presentation slides to catch up on these updates.

Next month, our SET user group will focus on Cvent, eComm's event management tool. Keep an eye out for the invitation and additional details.

Monthly Memo:

Kate has moved

If you're looking to stop by office hours [3] to chat with Kate, head over to her cubicle, 853-B. The 8th floor receptionist can point you in the right direction.

Resource Roundup:

SET Webpage

The SET webpage [3] is your one-stop shop for everything eComm related, including project checklists and help resources. Bookmark this page in your browser.
