

## Checking Zoom audio input and output <sup>[1]</sup>

June 4, 2020 by [UIS Communications](#) <sup>[2]</sup>

We've shared with you before how to test your Zoom audio prior to joining a meeting, but have you ever run into issues with the volume of audio once the meeting starts? You can easily check and adjust the volume of your speaker or microphone during a meeting using these instructions on [Testing Audio Using Audio Settings](#) <sup>[3]</sup>.
