

Cybersecurity Awareness Month: Week 2 ^[1]

October 5, 2021 by [UIS Communications](#) ^[2]

Week 2 will highlight the importance of using caution when opening links in email messages. Phishing has grown more sophisticated in recent years, often pretending to be a trusted contact. To spot and report phishing attacks, you need to be aware of their techniques.

Fight the Phish (**Oct. 11-15**) teaches users about the red flags of cybercriminals and how they use phishing to access private information.

Learn more about [phishing](#) ^[3].
