

How to reserve a meeting room at 1800 Grant St. [1]

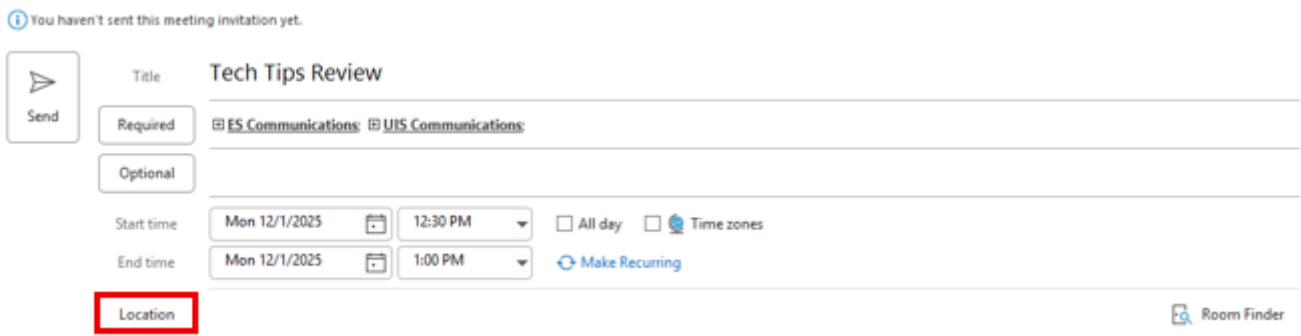

November 25, 2025 by [ES and UIS Communications](#) [2]

On Dec. 31, Poppulo (formerly SmartSpace), CU System’s workstation and meeting room reservation platform, will be retired and not replaced. Conference rooms at 1800 Grant will instead be reserved in Outlook, and staff who work fewer than three days a week in the building will no longer need to reserve workstations. Instead, unassigned workstations will be available on a first-come, first-served basis. If an office or cubicle is assigned to a person or department, it will be labeled.

Reserve a meeting through Outlook

3. Check availability:

TIP: Not sure which rooms are open? Add multiple rooms to your invitation and compare their availability in the Scheduling Assistant. Visit our [Find suitable times and schedule meetings with Outlook's Scheduling Assistant](#) [3] tip for more information.

4. Click **Send**. Your meeting room is now booked. If reserving the following rooms, please wait for confirmation approval as they are reviewed by priority:

- **Benson:** RM-First-100
- **Presidents:** RM-Presidents-804
- **Regents:** RM-Regents-899

5. Request AV setup (optional):

- If you need AV equipment set up before your meeting, [schedule an appointment](#) [4] with the UIS Service Desk at least one hour prior.
- Visit [Schedule set-up assistance for equipment ahead of meetings at 1800 Grant](#) [5] for full instructions.

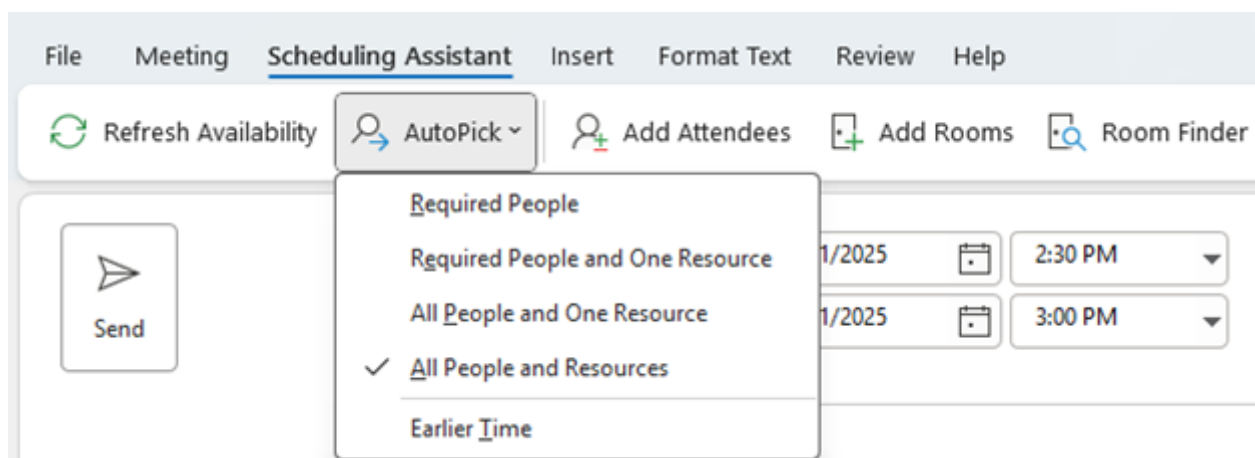

TIP: If you're trying to schedule an in-person meeting with several attendees and aren't sure when everyone is available, Outlook can suggest a time for you.

1. Click **Scheduling Assistant**.

2. Select **AutoPick** from the top ribbon.

3. Choose your preferred option.

a. **All People and Resources** will automatically select the earliest time when all attendees and the selected room(s) are available.

Finally, keep in mind that if you need to reschedule an in-person meeting, you will also need to confirm whether the same conference room is available for your new time and communicate with the UIS Service Desk if you requested AV assistance.
